About Me ———

I am a talented, ambitious and hardworking individual, with broad skills and experience in different technologies and leading projects. I am adept at handling multiple tasks on a daily basis competently and working well under pressure. I completed my Degree of Telecommunication Engineering at the University of Dodoma. Now l doing self jobs

Technical Skills ———

- ⚖️ Tele-Electronics | Signaling | Camera installation
- 📑 Transmission | Communication Link installation | Commission Decommission
- 📑 Computer Maintenance |Arduino
- 📑 Data Analysis | Machine Learning
- 📑 Deep Learning
- 📑 C++ | Python
- 🔗 Web Design | Development
- 📑 Java | Android

Working Experience

currently	**Self Data Scientist** I making different challenges from zindi Africa and kaggle concine about artificial intelligence. Doing some sort of Researches on AI problems
August - October 2019	**Telecommunication Technician** — NST Solutions I was working as Technician on the communication link installations, upgrade link, and consolidation of link of both microwave and fiber links

Education

Education Background

2016 – 2020	**Bsc. Telecommunication Engineering** — University of Dodoma 2016 after my Advanced Secondary Education on Mtwara Technical Secondary School, I was certified and got admission to the higher education on University of Dodoma to study Bachelor of Telecommunication Engineering. The University of Dodoma is located on Dodoma Tanzania. **Bachelor Project** — Electric, Electronics and Telecommunication Design and Implementation of prepaid meter minimum units detection and notification system using GSM
2014 – 2016	**Advanced Secondary Education** — Mtwara Technical Secondary School After complete my O-level education in November 2013 in Somsom Secondary School, I certified O-level certificate and got a chance to study PCM a combination of Physics, Chemistry and Mathematics subjects in Mtwara Technical Secondary School.
2010–2013	**Ordinary level of Education (O-level)** — SomSom Secondary School Here I was study science subjects and perform very well. In this level I certified the O-level certificate and other four certificates on Physics, Chemistry Mathematics and excellent student in our school. Som Som Secondary School is located on Kilimanjaro Tanzania

Projects

2020	**COVID-19 and Pneumonia Detection System Using AI** *Me and Z. Reuben.* in Progress
2020	**Automatic Data Analysis System using Python libraries** *Me and Z. Reuben.* Pytho Libraries used are Pandas,Numpy, Matplotlib,Seabon and SciPy

Awards

2020	Best Student Project Year	The University of Dodoma

Soft Skills

🏠 Communication		● ● ● ●
🏹 presentation		
🏹 Consultation		
🏠 Driving car		● ● ● ○

Extra-Curricular Activities

Sports	Football
Driver	Tax Driver, Car Transporter
Education	Machine Learning, CNN, AI
